OTTAWA, Feb. 28.—During Mr. La Thompson's engine, *Montreal* goes nor may save themselves the trouble of returning bills presented to them by the local legislatures for assent. He probably thinks that the domestic situation has enough to do without being asked to constitute itself a advisor-general for all the provincial governments. The view was held that the governors could act on the advice given them by their constitutional advisers.

A circular letter to postmasters has been issued by the United States post office department directing them to call attention to the proper marking of mail intended for China and Japan. Many persons sending mail to these countries complain of delay in transit to the coast, so that communication is not

Mr. Davin has presented the largely signed petition of the electors of the House of Commons, asking that control of educational matters be given to the North-West Assembly, and asking for the repeal of the clause in the North-West Territories act relating to language. "My aid and full company is with the people of Manitoba," said Mr. Davin. "In the past, we have taken on the subject of their right to legislate in relation to edu-

FRIDAY, MARCH 3, 1893.

# THE HAT HOSPITAL.

A Successful and Worthy Institution of the West.

MEDICINE HAT, Feb. 24.—The third annual meeting of the subscribers to the Medicine Hat general hospital was held in Colter's hall. Wm. Cousins occupied the chair and in a few words intimated the object of the meeting. Thomas Fleet was appointed as secretary of the meeting pro tem., Mr. McWhirter being absent through indisposition. The secretary then read the minutes of the annual meeting which were duly adopted.

John Niblock, president, thereafter read his report for the past year, and at the outset expressed his gratitude to the Giver of all good for the success which had attended the institution. He also thanked the C. P. R. for their substantial aid, and the legislature assembly for their generous gift through Mr. Tweed, M.L.A., of \$500. The total indebtedness of the hospital is \$1,093.48 with outstanding assets amounting to \$1,423.40 leaving a surplus of \$329.92. The total cost of maintenance for the year was \$6,119.31. The sum of \$1,409.50 had been realized by the sale of tickets. The president intimated that the doors of the Hospital were open to all and that the aim of the directors was to make the institution conducive to the best interests of all who might come under their roof for treatment. The need of a maternity hospital was also emphasized and the president thought the time had come when this important addition to the equipment of the hospital should be entered upon. Such a building would cost about \$3,250, and donations had already been promised for this object. The hospital has been painted throughout and improvement has contributed to the neatness and utility of the institution. A refrigerator would also be required, besides addition to the stock of linen. Church collections had been made among the various churches of the district, and in the future it is expected that hospital Sunday will be the means of still further increasing the revenue and making the hospital better known. In concluding his report the president expressed his thanks of the directors to Mrs. Calder for her ready and efficient service during the past year, and also the many friends who had given donations.

On the motion of Mr. Weasel seconded by Mr. Crawford, the report was adopted.

Mr. McWhirter, treasurer, read the report showing the state of finance:—

Balance from last year	\$ 249.63
Grant from N. W. Legislative Assembly	500.00
Capitation grant	350.00
Special grant	500.00
Donations	3,102.35
Paying patients	1,856.75
Church collections	162.00
Board fees	126.35
Outstanding accounts	126.50
Cash borrowed	319.50
Insurance tickets	1,499.50
<b>Total</b>	<b>\$ 8,792.58</b>
By maintenance	\$ 7,238.34
Construction	667.73
Furnishings	848.26
Cash on hand	38.23
<b>Total</b>	<b>\$ 8,792.58</b>

The auditor's report was read which showed that the books of the treasurer and secretary had been kept in a neat and careful manner, the accounts being correct in every particular.

The medical superintendent then presented his report which was received with great interest. There were 13 patients remaining over from last year, 144 were admitted making a total of 157, and treated during the year, of these 105 were males and 52 females, 24 being children, 23 had been treated in private wards. The greatest number at any one time in the hospital was 21, and the lowest 9. Altogether there had been 5,377 hospital days. The average monthly attendance was 147. The death rate was 5.8 which was somewhat higher than former years, but was accounted for by the fact that several were received and died very soon after admission. A very large number of surgical cases were recorded,

and 153 operations and in no single case had there been a death. The health of the medical staff had been good. Dr. Calder referred to certain improvements needed to put the hospital in touch with the demands made on it. The maternity hospital and training school for nurses, modern bath tubs and arrangements for flushing of sewers, additions to the appliances in the operating room, etc., also utilizing the natural gas. He thanked the directors for their very cordial support in the work of the institution.

Mr. Finley expressed his pleasure in hearing the gratifying report and moved its adoption. This was seconded by Mr. Niblock and carried.

The election of directors was then proceeded with and resulted as follows: Mr. Niblock, president; Mr. Tweed, M. L. A., Mr. Stocks, Mr. Cousins, Mr. Finley, J. P., Mr. McWhirter, Mr. Crawford, Mr. Noble, Mr. Weasel, Mr. Armstrong, Mr. Leonard, Mr. Adair, Mr. Robertson, Mr. Spencer and Mr. Horner.

Votes were then passed to the president for his valued services during the year. The institution is largely Mr. Niblock's own creation and has been always indebted to him for his personal supervision and energetic work.

Votes of thanks were also passed to the scrutineers, the auditors (T. E. Perrett, B. A., and Rev. Charles Stephen, M.A.) the chairman and the secretary. Mr. Perrett was elected as auditor for the shareholders for 1893.

## WEDDING BELLS.

An Enterprising Farmer of the Moose Jaw District has Joined the Benedicts.

Mr. Wm. McDougall, one of our enterprising farmers recently announced to his friends his intention of visiting his old home in Ontario. This somewhat unusual proceeding caused many surmises as to the purpose of the trip. The TIMES has learned the secret and hastens to give the public the full benefit of it. The Dresden Times has the cut out of the bag in the following words:—

"The most fashionable event of the season in the little village of Ruthford took place at the residence of the bride's parents on Wednesday, Feb. 24th, when Florence Beatrice Victoria Lilly, was united in marriage to Mr. William McDougall, of Moose Jaw, N. W. T. The ceremony was performed by Rev. W. T. Morrison, Presbyterian minister, of Ruthford. Miss Florence Hubbard presided at the organ and rendered the Wedding March with good effect. The bride entered the room leaning on the arm of her father, who gave her away. She was beautifully dressed in navy blue satin, trimmed with point lace and orange blossoms, and a handsome bridal veil. She was supported by Misses Ellen and Yone Skinner, who were dressed in navy blue velvet trimmed with point lace. The groom was supported by Messrs. J. J. Harrison and Wm. Barney. The bride is one of Ruthford's most popular young ladies. The groom is one of the Dawn boys who took Horace Greely's advice and went west. He has succeeded well in his new home, and is to be congratulated on his good judgment in coming back to Dawn for the girl of his choice. About seventy guests partook of an elegant wedding supper, after which the young people enjoyed themselves with games and music, the party breaking up at a late hour by singing 'God be with you till we meet again.' The presents, which were costly and numerous, indicate the popularity of the newly-married couple. The happy couple intend leaving for their home near Moose Jaw about March 10th, followed by the good wishes of a host of friends."

The TIMES extends its heartiest congratulations to Mr. and Mrs. McDougall; and to each bachelor in the Moose Jaw District who reads the above account, it would say "go thou and do likewise."

## CARNEL CHIRPING.

Some of the farmers are taking advantage of the weather and are busy getting in their summer supply of wood.

One of the Carmelians recently spent the most of one night on the prairie. Who says Charlie don't know the road to Huron Church? Why he found his way there the other night, or morning rather, when he was lost. Five o'clock being rather an early hour for church, and Charlie being the only one present service was not held, so he struck for the nearest object which proved to be the house of Mr. James Bayne. After absorbing considerable heat, and partaking of the good things that Mrs. Bayne prepared to supply the inner man, Charlie did not seem

much the worse for his night under the canopy of heaven.

Mr. Stephen Hudson had the misfortune to lose one of his favorite animals "Old Buck," who stood by him while he was doing his homestead duties and now as he has his recommend Buck has kicked the bucket—cause general debility.

We are glad to see our old friend W. H. P. moving around again. We were beginning to think he had suffered the same fate as the man's cutter which was snowed under for three or four days.

According to the Carmel weather prophets we are going to have an early spring. Perhaps T. W. forgets the old saying that it takes a wise man to make a fool.

## NOTES AND COMMENTS.

Whatever their personal feelings to Edward Edward Blake may be, few Canadians can read without a thrill of pride that he has already made his mark in the most august assembly in the world.

Those who knew Mr. Blake best had little doubt that his health being spared, he would be better appreciated in the nobler arena and wider field of British politics, than he was in his native country; and the early promise we now have of the ultimate fulfillment of the highest hopes is gratifying in the extreme. It is more than probable too, that Edward Blake will yet do better work as a legislator than even the excellent work he did in the Canadian Parliament. He will broaden and deepen through the magnitude of the interests involved in British legislation, and the importance of Imperial questions.

It would be a striking example of political prescience if the author of the "Aurora Speech" of twenty years ago on "Imperial Federation," should live to draft a bill carrying into effect the views he was among the first to promulgate.

"I promised never to say anything about that so you must not mention it." How often after some particular confidence do you hear this remark, the speaker evidently not seeing how his own words are accusing him of a lack of loyalty and a breach of trust. He has given his word that what was told him should go no further, and yet at this perhaps his first opportunity he tells the whole story to some friend, without ever stopping to think whether he has the right.

His advice or help may have been sought, and that only after much hesitation his friend fearing to trust his secret to anyone, but encouraged by the thought that no one else need know it. Yet this unworthy confidant, without a second thought betrays his trust. Even if told that he was doing so, he probably would look very much surprised, and say: "Oh no! I made Jones promise to say nothing and of course he won't."

But why "of course"? In all probability what he himself has done is exactly what his friend will do. So the story goes, until the poor man to whom it means so much might just as well have called together a large company of his friends, and some who were not his friends, and confided in them in a body.

The deputy minister of the interior and the comptroller of the Northwest Mounted Police had a conference yesterday for the purpose of considering the most practical scheme for enforcing

the cattle quarantine regulations along the frontier in the Northwest Territory. It is said an arrangement will probably be come to whereby the work will be largely entrusted to the mounted police, whose acquaintance with every trail crossing the border will render it impossible to smuggle cattle across the line. It is understood that in the case of settlers' cattle the Government will make some arrangement for the care of those animals during the ninety day's detention in quarantine, so that the least possible hardship consistent with ample provision for the public safety will be experienced by settlers from the U. S., migrating northwards with their live stock and effects to locate in Canadian territory.

The exports of the Dominion of Canada during the month of January amounted to \$4,575,165, a decrease of \$667,897 compared with the exports for the previous year, the decrease being represented by a falling off in the exports of agricultural products. The total exports for the seven months of the current fiscal year amounted to \$79,233,982, against \$77,410,311 worth exported in the corresponding period of last year, an increase of \$1,823,671. Taking however the exports of the produce of Canada, there is an increase of over five and a half millions of dollars. The imports for January amounted to \$9,160,464, compared with imports of \$7,256,337 in January last year.

## CONTINUED.

What we anticipated in our "ad" during the last four weeks has proved true. Horses throughout the district have suffered severely from Influenza. Those who took precautionary measures in most cases avoided the trouble. If your horses get it see the "vet." He is the best man to advise you. If they haven't got it, your "in luck." Further comment on the balance of this "ad" is unnecessary.

We have just placed in stock—1 bbl. Sulphur, 1 bbl. Epsom Salts, 1 keg Saltpetre, Gentian, Glauber Salts, and a quantity of Cream Tartar, Resin, Antimony, &c. We have only to add "They are not the Cheapest that can be bought, but will be sold as low as pure drugs possibly can be." Get prices.

**W. W. BOLE.**

## The Moose Jaw Times.

FRIDAY, MARCH 3, 1893.

## LOCAL AND GENERAL NEWS.

Mr. Arthur Hitchcock left for Calgary on Tuesday's train.

Chas. Kelly and Robt. Allen left on yesterday's train for Swift Current.

Mr. Herbert McDonald, operator at Vineland, is visiting his parents here.

Mr. William Grayson has been confined to his bed with a severe attack of grippe.

Mr. R. C. Macdonald made a flying trip to Swift Current this week, returning on Monday night's train.

The Saskatchewan Times is once more among our exchanges. The blockade on the Prince Albert Branch is at an end.

Mrs. C. A. Goss returned on Sunday morning from Winnipeg where she took her daughter Edith for medical treatment.

Miss Christie, teacher of the junior department of the public school has been unable to teach during the present week on account of illness. Her place is being filled temporarily by Mr. Lang.

Scaled tenders will be received by the Board of Works Committee up to noon, Saturday, March 4th, for stone to be delivered at the bridge on Manitoba street. Tenders to state price per cord delivered in the crib at the bridge subject to inspection of whoever may be appointed for the purpose.

The Pilot Mound Sentinel says: "As there has been an unusually heavy snow fall south of the boundary line as well as in Manitoba, and as the ice on the rivers is remarkably thick, dangerous floods in the spring may be expected. Bridges may suffer and Winnipeg may find the streets on a level with the Red river."

Ontario editors are now hunting up the "coldest winter" records. Here is the result reached by one exchange: "The coldest winter ever known, probably, according to several chroniclers, occurred during the year 1435. The season was not only intensely cold, but lasted unusually long. In a large portion of middle and western Germany the frost was so severe during the month of May that skaters braved the ice which in the last danger, and on May 12th skates were generally used. On St. John's day, June 24th the windows were frozen and not a vestige of vegetation was to be seen anywhere. Spring was ushered in with the last day of June."

The interior of Russell Hall is being improved by a fresh coat of paint.

Mr. Wm. Grayson, barrister, visited Indian Head on Monday last on a business trip.

Mr. J. H. Ross, M.L.A., attended a meeting of the Executive Council at Regina on Tuesday.

Mr. J. H. Hollan, traveller for Bateman & Co. spent a couple of days in town this week.

A Sheet and Pillow carnival will be held in the rink on Saturday evening March 4th.

Go to Palmer's, River street east head quarters for Heintzman Pianos, Kora Organs, Domestic and New Raymond Sewing Machines. A large quantity of the finest sewing machine oils always on hand.

Mr. K. P. McCaskill returned from Wood Mountain yesterday after a trying trip. The telegraph line is now in first-class shape and no further trouble is anticipated.

We regret to learn that the youngest child of D. H. Pardon, died on Tuesday night. The funeral takes place this afternoon. Mr. and Mrs. Pardon have the sympathy of the entire community in their affliction.

Mr. J. N. McDonald of the Vineland Chronicle spent a few days in town this week. J. N. says that he sees a great improvement in Moose Jaw during the past year and that it now compares favorably with any other town along the C.P.R.

The special evangelistic services are being continued in the Methodist Church this week and are nightly increasing in interest. A large number have professed conversion. The results are very encouraging to the earnest pastor, Rev. Mr. Stacy and his band of workers.

A teacher in our public school the other day gave a class of children the question "who is Governor-General of Canada?" The answers received were amusing in the extreme. One boy stated positively Mr. Milestone acted in that capacity. Another said it was Mr. Orcas. It is needless to say that their fathers were C. P. R. employees.

Mr. W. J. Bradshaw, arrived home from a three months visit to his old home at Ottawa. Mr. Bradshaw was well pleased to get back to the west and says and says that our winter did not compare in severity with that he experienced in the east. During his visit he did some good immigration work for this district and expects a large number of immigrants here as soon as spring opens.

Mr. Wm. Watson returned yesterday from a canvassing tour in the interests of the Moose Jaw creamery, and reports that he has made considerable progress. Parties interested in this important enterprise would do well to communicate with the promoters either personally or by letter and do all in their power to help forward a movement calculated to benefit the town and district in no small degree.

A case of much importance to the wholesale and retail merchants came up before the magistrates at Saltcoats last Saturday. In 1888 William Walley started a general store on \$1,200 capital at that place. Last September he reported a surplus of from \$10,000 to \$12,000. Up to last June he always met his paper promptly, and established a good line of credit. From the evidence at the trial it would seem that after that time he set to work to beat his creditors. In February, 1892, he stopped keeping a cash book. In August and September he ordered heavily from the city wholesalers, and payments were light. They continued for some time. No cash was demanded from him and in January of this year he called a meeting of his creditors and it was found that instead of having his reported surplus of \$5,000, he owed as much as \$20,000.

Mr. C. H. Campbell was engaged last Thursday at a meeting of about forty of Walley's creditors to prosecute the latter on the charge of obtaining goods under false pretences and general misrepresentation of the true state of his financial condition. Walley got wind of that and evitently attempted to get away, but the mounted police found him and he was tried on Friday before Justices Wilson and McNaught at Saltcoats. It was a test case and resulted in the committal of Walley, and he was sent up for trial at the next court to be held in the eastern judicial district of Assiniboia.

## COUNCIL MEETING

### Reports Presented—Introduction of By-laws.

A regular meeting of the town council was held in the council chamber on Monday evening.

Present councillors: Fish, Hannah, Stunt, Simington, Ferguson and Neeland.

The Clerk called the meeting to order and stated that the Mayor would not be present and requested the appointment of a chairman.

Neeland—Hannah—That councillor Fish act as chairman. Carried.

The minutes of last meeting were read and adopted.

Communications and accounts were read as follows:

W. B. Croshie relate on taxes; A. Hitchcock's account for electric light; W. R. Campbell's account of \$1; E. A. Baker & Co's account of \$8 for coal; E. A. Baker & Co's account for chemicals \$10.50.

Simington—Hannah—That the account of E. A. Baker and Co. for coal for \$8 be paid. Carried.

Simington—Hannah—That the accounts of Hitchcock, E. A. Baker & Co., W. R. Campbell and W. B. Croshie be referred to finance committee. Carried.

### REPORT OF FINANCE COMMITTEE.

To the Mayor and council:

Your Finance Committee have examined the following accounts and find them correct and would recommend that orders be drawn on the the treasurer for their payment, viz: John Bellamy, for window blinds \$1.95; W. W. Bole, for stationery &c. \$2.50; and from A. Hitchcock, for electric lighting of streets and hall \$22.00.

We would also recommend that a further sum of \$500 be paid to the School board on their estimate for the current year.

(sgd) W. W. Neeland, Chairman.

### REPORT OF F. W. AND L. COMMITTEE.

To the Mayor and council:

Your Committee on Fire Water and Dight beg to suggest the advisability of procuring at once a supply of sulphuric acid for the chemical engine as the amount on hand is not sufficient in case of a fire of any great size breaking out and also beg to lay before you the following quotations from W. W. Bole, viz: 64 cents at Winnipeg or 10 cents at Moose Jaw and the committee would suggest the latter price be accepted. All of which is especially submitted.

(sgd) C. A. W. Stunt, Chairman.

### REPORT OF MARKET COMMITTEE.

To the Mayor and council:

Your Committee on markets beg favor to report that we request the clerk to forward the necessary information in regard to nomination to John R. Hall secretary of the department.

(sgd) Hugh Ferguson, Chairman.

On motion the various reports were received and adopted.

Neeland—Ferguson—That the report of the finance committee be received and adopted. Carried.

Stunt—Simington—That the report of the Fire Water and Light committee be received and adopted. Carried.

Ferguson—Neeland—That the report of the Market Committee be received and adopted. Carried.

### INTERESTING BY-LAWS.

By-law No. 110 appointing Henry Fisher, Plumber, was introduced by councillor Hannah and councillor Stunt and adopted. By-law No. 111

appointing W. W. Bole and John Rollo auditors.

Hannah—Simington—That By-law 110 and 111 be read be considered as their first reading. Carried.

Neeland—Ferguson—That By-laws No. 110 and 111 be now read a second time. Carried.

Simington—Stunt—That council do now pass into committee committee of the whole to consider By-law No. 110 and 111. Carried.

The council then went into a committee of the whole with councillor Simington in the chair, and upon motion they reported as follows:

Your committee of the whole beg leave to report that By-law No. 110 and 111 be passed without amendment.

(sgd) J. M. Simington, Chairman.

Neeland—Ferguson—That By-law No. 110 and 111 be now read a third time and finally passed and they be signed by the mayor and clerk and the seal of the corporation affixed thereto. Carried.

Neeland—Ferguson—That the clerk reply to Mr. James Brass that after considering his application for rebate of taxes the council cannot see their way clear to grant his request. Carried.

Simington—Stunt—That Board of Works committee be requested to examine Bridge at foot of Manitoba St. and take such action as may deem necessary to place said bridge in safe condition. Carried.

## BOHARN NEWS.

Boharn Jottings has been in the dark since our able writer, the RAMBLER, dropped out. It is generally understood in this locality that the RAMBLER is in the east. So I suppose it is quite safe for the JOKER to take a walk out. I am here before the RAMBLER this time although we hope to see his sunny face soon in our midst again.

The weather has been fine for the last two weeks.

Mr. R. K. Thompson arrived home last Saturday morning.

Mr. Hopkins and family are expected home soon, also Mr. Johnston.

Mr. Arnold has a very pleasant smile the last few days.

The stock in this locality is all look-well, notwithstanding the severe winter.

The frost has found the most of the cellars this winter but very slight.

THE JOKER.
